A13.11.4 Minimum Contract Period

The minimum contract period for this service is one month.

A13.11.5 Rates And Charges

The following charges are for the Remote Call Forwarding feature only and are in addition to applicable charges for service and equipment with which it is used.

Where customers have fifteen or more unique RCF features on a billing account, a credit of twenty-five percent (25%) will be applied per billing cycle to the monthly rate for each such unique service feature, including the first fifteen. For purposes of qualifying for such credit, a unique feature is defined by calling scope, jurisdiction and business/residence classification: e.g., Residence, Intrastate, IntraLATA; or, Business, Measured Local. Additional features (Access Paths) also qualify as a unique feature. Unique features may not be combined to qualify for this credit; e.g., local features may not be combined with toll features.

A13.12 Selective Class Of Call Screening Service

A13.12.1 General

- A. Selective Class of Call Screening Service enables a customer to secure central office blocking of 1+, 101XXXX 1+, 976, 900, and screening information to prevent operator assisted calls from being billed to the subscriber's line. Information digits are also passed to long distance providers, other than the Company, to identify the line as requiring special operator handling.
- B. Subscribing to this service does not relieve the subscriber of responsibility for calls, other than intraLATA calls carried by the Company, which originate from his number. Failure of other long distance providers to act on the information digits passed to them could result in charges being placed on the subscriber's number.
- C. Selective Class of Call Screening Service will be established only where operator identification is provided through the use of automated equipment arranged to furnish this service, or where a line or trunk is directly connected to a Company toll switchboard from the subscriber's premises. After the effective date of this Tariff, Selective Class of Call Screening Service will not be established for any new customers in locations served by toll switchboards.
